## Newsletter October 2022

Hello ,  
We have got pension news for you.

### Test your pension knowledge!

Click on the button to find out what you know about pensions. Click on the question and select your answer. You can immediately see whether your answer is correct. The process is completely anonymous and we don't save any data.

### SPF Sustainability Policy tightened following member survey

We asked our members various questions about sustainability in June. Over 500 of you completed the questionnaire. First of all, our thanks to everyone who completed the survey. The high response rate indicates that you consider this an important topic.

### Election results and new Vice Chairman

Elections took place in August 2022 for one position in the Board and two positions in the SPF Accountability Council (AC). The vacant seats were for pensioner representatives. All members who receive an SPF pension received a personal letter about this and could put themselves forward as candidate.

Three candidates ran for election. We share the results for the Board and AC.

## Communications Panel

We consider it important that we remain close to our members. In doing so, we make every effort to increase the satisfaction of all stakeholders. We are not only doing this to obtain the optimum result, we also want our communications to be proactive, transparent, and understandable. Because pensions are already complicated enough. We'll keep you informed of developments that are relevant for you. And we'll do that in an easy-to-understand way. Without tying you down in legal jargon. Simple. Honest. To the point.

## Many of your colleagues say: USE the opportunity of such a pension discussion!

The pension discussions for 40, 50, and 60-year-olds that SABIC offers via SPF are being held in November. Colleagues who have had such a discussion were extremely satisfied.

### Are you 40, 50, or 60 this year?

Will you turn 40, 50, or 60 this year? Check your email and have a discussion with us. Like your colleagues, you won't be disappointed.

## What are your needs?

We would like to know how our members view our services and communication. And where we could improve. A research agency conducted the 'Benchmark Monitor Pension Funds' (BMP) in spring 2021. This showed that members were generally satisfied with the fund (see the [article](#) on the website or in the [October 2021 newsletter](#) for more information). Of course, there's also room for improvement. **What could be improved?**
