

We have some news regarding your pension

As is usual, on January 1, legal amendments will be implemented that will impact deductions on the pension benefit. This means that the net pension benefit will differ from the amount paid out by SPF in December 2022. This newsletter explains the biggest changes.

Your benefit statement

This year you will receive your benefit statement if you communicate with us 'digitally', no longer on paper. Anyone who opted to 'mail' will receive the specification in their inbox. However, your benefit statements will be saved in your digital inbox in 'My SPF Pension' as well, even if you chose 'mail'.

January 2023: changes to the net pension benefit

If you receive a higher net pension benefit as of 1 January, this is due to the increase in your pension as of January 1 and due to changes in tax and social insurance contributions.

- Changes to the Zorgverzekeringswet (ZVW, Healthcare Insurance Act) income-related contributions. The ZVW statutory contribution will fall to 5.43% in 2023 (2022 level: 5.50%). SPF is legally obliged to withhold this amount on annual income of max. €66,956 (2022 level: €59,706). These are Government decisions on which the pension fund has no influence. You can find more information on this topic on the [Belastingdienst](#) (Dutch Tax and Customs Administration) website.
- Tax brackets

Are you still to reach state retirement age (AOW)?

In 2023 there will be two tax brackets that apply to you.

- Taxpayers with an income up to and including €73,032 pay a tax rate of 36.93%.
- If you have a higher income, you pay a tax rate of 49.50% on the part from €73,032.

Did you reach state retirement age (AOW) before 2023?

In 2023 there will be three income-related tax brackets that apply to you.

- Taxpayers with an income up to and including €37,150 pay a tax rate of 19.03%*.
- If you have income over €37,150 but no more than €73,032, you pay the 19.03% tax rate on your income up to and including €37,150 and the 36.93% tax rate on the part up to and including €73,032.
- The tax rate is 49.50% on your income from €73,032.

The table shows the difference between the tax brackets in 2022 and 2023:

	On income up to €37,150*	On income that is more than €37,150* and max. €73,032	On income from €73,032
2022	19.17%	37.07%	49.50%
2023	19.03%	36.93%	49.50%

* if you were born before January 1, 1946 (i.e. if you are older than 76), this amount is €38,704

If you do not live in the Netherlands

If you do **not** live in the Netherlands, tax credits take a smaller amount into account. Tax credits are credits against your tax on wages and income taxes. As a result of the reduced tax credits, you will pay more in tax on wages. This means that your pension fund will pay out a reduced pension benefit. Your payment statement details what this means for you. The wage income tax table that you fall within depends on the country in which you live. You do not need to take any action. This will be processed automatically. For more information, please refer to [Belastingdienst](#) (Dutch Tax and Customs Administration) website.

The fiscal annual statement

The fiscal annual statement of the pensions paid by SPF in 2022 will be sent by the end of February at the latest. It will be saved in your digital inbox in '[My SPF Pension](#)' as well. The fiscal annual statement is required to file your tax returns over 2022. We advise you to carefully compare the annual statement provided by SPF with data already filled in on your tax returns.

Good to know: Additional income tax assessment

By opting to let SPF withhold more tax and social insurance contributions on a monthly basis, you can prevent an additional income tax assessment. SPF cannot calculate the adjustment you must make to your tax and social insurance contributions for this purpose. You must personally, or with the assistance of a financial advisor, calculate the adjustment and specify this to SPF, by letter.

2023 payment dates

January 27
February 27
March 27
April 26
May 26
June 27
July 27
August 25
September 27
October 27
November 27
December 21

SPF will ensure that your pension will be deposited on your account on the 27th day of each month. Should the 27th fall on a weekend day, SPF will ensure that your pension is deposited before then. In December you will receive your pension also earlier.
